LEGISLATIVE REFERENCE:

POLICY

A member who believes that another member is unfit to practice or requires restrictions shall inform the registrar.

PROCEDURE

1. A member who believes that another member is suffering from a physical or mental condition or disorder of a nature or to an extent that the member is unfit to practice or that the member's practice should be restricted shall inform the registrar.
2. The reasons for the belief must be included in the information provided to the registrar.
3. The College is responsible for investigation and resolution.
